Our Machines

Humans and machines, together

Photoshop Layers Class

Our class continues on **February 12 and 21** where we review adjustment layers and move on to layer masks, copying layers from another file, using blending modes and filters. Bring your laptop with Photoshop or Photoshop Elements installed and learn in a hands-on environment! **Classes are at noon in 28/E210.**

New Club Resource

In addition to the photography education DVDs, ColorMunki calibration tool, and green screen, we have recently added a **ColorChecker Passport** photo balance card. This allows you to white- and color-balance your photos precisely. See Scott Hull to borrow any of these items.

Save the Date: Picnic!

We've confirmed there won't be a Fun Run on our picnic date – **May 9** (with a rain date of May 10). Save the date on your calendars and consider volunteering for setup, cleanup, cooking, food and door prize purchase (costs are reimbursed!).

Future Snap & Shares

Upcoming Snap & Share topics include

- Lines & Angles
- Curves
- Sunrise/Sunset
- Nighttime

Get out there with your cameras in the coming months to capture new images in these themes! **Photos in the Snap & Shares are eligible for the Exhibit in Building 1.** That exhibit will be expanding so your opportunities for display will double!

Proposed Field Trips

If you are interested in any of the following field trips, please contact a board member or Brent Warner (field trip coordinator). We're looking for interest (and leaders).

- The National Building Museum (DC)
- The Baltimore Light Festival (April 6-21)
- Ellicott City
- B&O Railroad Museum (Baltimore)
- Annapolis (waterfront, USNA, architecture)
